

## Behold a bold new era of sound, function and design

The Harman Kardon Aura Wireless speaker system has a sound as rich and rewarding as its appearance suggests. With its 6 X 1.5" high and mid-range drivers, and a 4.5" subwoofer delivering omni-directional, 360° sound, the Aura packs a punch much larger than its modest footprint might suggest. Outfitted with premium materials and elite features – including built-in Bluetooth® to stream audio from your Bluetooth® devices, WiFi for Apple® AirPlay® and DLNA® streaming on your home network – the Harman Kardon Aura delivers a look and feel you'll be proud to include in your home. From its premium cloth grill to its transparent enclosure – which lets you see inside to observe the subwoofer and its custom-built metal housing and illuminating LED – your own expectations will be forever altered. Use the Harman Kardon Remote app to guide you through a simplified set-up, giving you full control over your wireless Harman Kardon ecosystem. Aura stands alone in a world of 'me-too' speakers, as it clearly demonstrates and shows that beauty can sound as stunning as it looks.

## FEATURES

- ▶ 6 mid to high-range 1.5" transducers for accurate, omni-directional sound and a 4.5" subwoofer for rich, powerful bass
- ▶ Custom, stereo-widening DSP audio technology engineered for room-filling, full frequency sound
- ▶ Built-in Bluetooth® feature streams audio from your Bluetooth® devices wirelessly
- ▶ Built-in Apple® AirPlay® system with easy set-up for your Apple® devices, and DLNA® for Windows™ and Android® devices
- ▶ Customized Harman Kardon Remote app allows for easy set-up and added connectivity
- ▶ Touch-sensitive volume control

**6 mid to high-range 1.5" transducers for accurate, omni-directional sound and a 4.5" subwoofer for rich, powerful bass**

Not only can the Harman Kardon Aura easily produce 360°, room-filling sound, its 6 high and mid-range drivers join together with its 4.5" subwoofer to deliver a powerful, detailed soundstage which maintains absolute clarity from any angle in the room. Go ahead – connect, stream, turn it up. You won't believe what you're hearing.

**Custom, stereo-widening DSP audio technology engineered for room-filling, full range sound**

Providing a fully optimized acoustic system, Aura also offers the added customization of Harman's stereo-widening DSP technology. This delivers a balanced sound with enhanced equalization and specialization to create a full and more realistic audio experience.

**Built-in Bluetooth® feature streams audio from your Bluetooth® devices wirelessly**

It couldn't get any easier to connect your various Bluetooth® enabled devices than with Aura's built-in Bluetooth® connectivity.

**Built-in Apple® AirPlay® system with easy set-up for your Apple® devices, and DLNA® for Windows™ and Android™**

With built-in Wifi, the Harman Kardon Aura connects to your home network via Apple® AirPlay® or DLNA®. Just get your Aura set up on your network with the Harman Kardon Remote app and you can have full access to lossless audio in any room from any device – wirelessly.

**Customized Harman Kardon Remote app allows for easy set-up and added connectivity**

Want easy set up? Want to control key features like stereo widening and volume? Do you want access to your music library even if it's not on your wireless device? Then the Harman Kardon Remote app is the solution to all your needs.
